## Subject: Slip Resistance Certification for Timber Staircase

Thank you for requesting the slip resistance certification for the internal timber staircase.

To ensure optimal safety and performance, CH Floors has applied the Bona Traffic HD Anti-Slip to the steps in accordance with the National Construction Code (NCC 2022), Part 11.2.4, and relevant Australian standards.

Attached is the technical documentation for your review.

- Bona\_TrafficHD\_Anti-Slip\_ATTAR
- Bona\_TrafficHD\_Anti-Slip\_Specifier\_Paragraphs

These documents include the slip resistance classification for internal use and relevant details from the manufacturer.

If you require any further information or clarification, please don't hesitate to contact me directly.

Kind regards,

**Philip Wiley**

Director
